BACKGROUND

UCH Logistics is a dynamic, customer focused provider of specialist logistics services to the airfreight industry. Since our establishment in 2000, we have built a reputation for offering reliable time-sensitive and next day transport services at competitive prices.

Our aim is to provide a holistic service allowing you to Import, Export & transport your cargo throughout the UK & Ireland.

SERVICES

SAME DAY SPECIALS

We provide a fast, efficient and reliable same day delivery service throughout the UK. Whether your consignment is time critical, valuable or hazardous, we can provide you with a dedicated service to ensure your freight is collected and delivered on time.

All our drivers are CO trained, as a minimum, as required by the DfT / CAA. They have an excellent knowledge of the UK road network, supported by the latest in-cab information systems.

You can monitor every stage of your delivery from pick-up to arrival and we will inform you immediately of any unforeseen delays.

Customs Brokerage

UCH operates a fully accredited ETSF facility at both Heathrow and Manchester Airport. Along with our Customs Clearance and T1 services, we are able to provide you with an end-to-end solution for your Customs requirements.

NEXT DAY DELIVERY

UCH Logistics is a national airfreight carrier. We specialise in next working day deliveries or collections across the UK mainland. A number of premium add-ons are available to complement this service:

- AM, PM, timed services
- Cash on Delivery (COD) service
- Delivery/collection of hazardous goods (subject to class and transport category)
- Tail-lift deliveries
- Curtain-sider deliveries

XRAY/ETD/FREDDs

UCH Export facilities utilise the latest technology in security screening. We have our own X-Ray Machine, ETD machine (on site) and Free Running Explosive Detection Dogs FREDDs which offer a less intrusive method of secondary security screening

WAREHOUSING

UCH is equipped with the facilities to efficiently receive, handle and despatch all types of goods and our flexible warehouse space can be customised to accommodate a client's specific requirements.

Our 65,000 sq ft of warehouse space is located a short distance from Manchester Airport

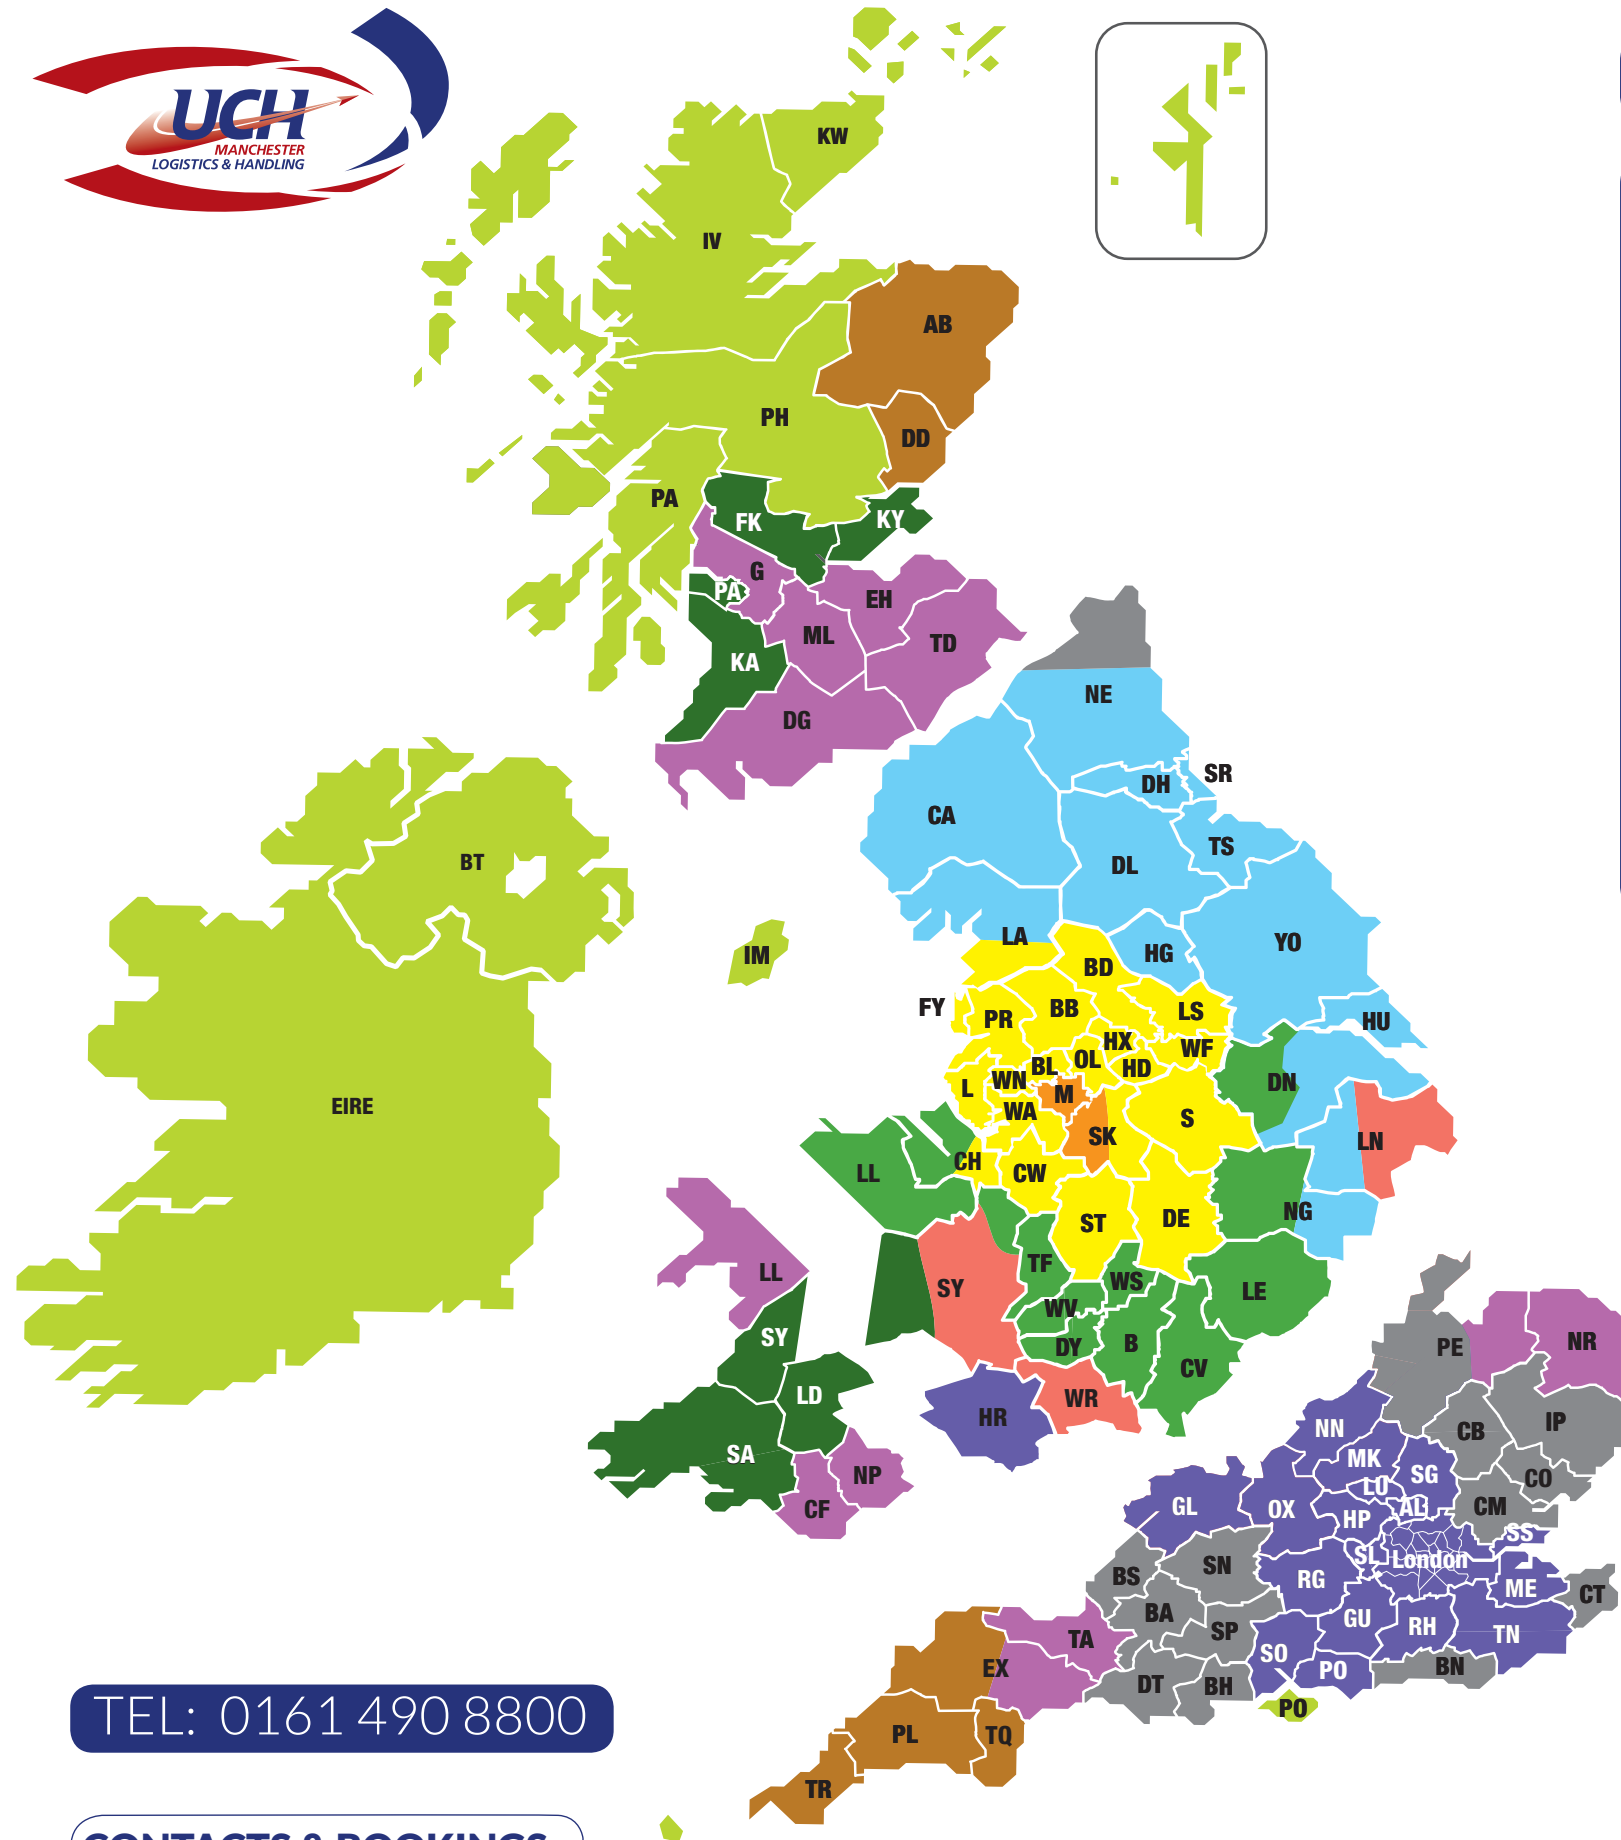

We believe we can provide the right mix of manpower, equipment, supervision and systems to enable you to focus on your core business.

If there is a particular service you require that is not detailed, please do not hesitate to contact us on sales@uchlogistics.co.uk

GENERAL INFORMATION

- All services detailed here are based on a five day working week, excluding Bank and Public holidays. Consignments on weekends and holidays can be arranged with our operations staff, subject to special rates.
- All consignments are subject to a standard volume charge of 6m³ = 1000kgs.
- Any Hazardous freight collected loose must be over-packed and labelled as such, alternatively the freight must be palletised and shrink-wrapped to pallet(s) for travel. If cargo is not appropriately packaged UCH will not accept liability for damage.
- Collections from one area for onward delivery to another will be charged as separate jobs (one for collection, one for delivery), unless prior arrangement is made for a special delivery (where possible due to location).
- Waiting times will be charged as per our tariff.
- Airline collections of cleared goods for onward delivery the following working day are free of charge. We cannot guarantee that Airline collections will be collected before midnight unless the job is booked as a Special. Scottish bound shipments must be at UCH by 10pm in order to connect with the Scottish trunker and, as such, same day airline collections should be booked as a Special.

- False calls are charged in full, according to the booked weight or volume (whichever is greater).
- Saturday import collections and Export deliveries are arranged as specials only.
- Any Imports where the volume or gross weight is under declared by more than 30% will be subject to a 50% uplift on the original booking fee.
- Off airport airline collections (eg. DHL, Trafford Park) will be subject to a collection fee and are not considered FOC as per standard airport collections.
- All loose cargo collected from handling sheds are subject to pallet exchange. Pallets used to deliver loose cargo to a destination where pallet exchange is unavailable will attract a £8.50 fee per pallet. If pallets are available for exchange, no fee is applicable.
- Export documents must be securely attached to any cargo being collected by UCH and must not be handed to a driver – UCH cannot be held responsible for mislaid documents if they are not attached securely to the cargo.
- All access and site restrictions that hold bearing on vehicle type and/or equipment requirements must be advised at the point of booking and stated on transport notes to avoid service failure.

SERVICE DETAILS

for prices and availability.

WAITING TIME – to ensure UCH can
continue to provide cost competitive
rates we cannot be delayed by the
customer when loading / unloading
freight. UCH allow 15 minutes after
which there is a waiting time surcharge.

FREIGHT SIZES

We will cover freight up to 2 metres
long, 1.2 metres wide and 1.7 metres
high. Any freight in excess of these
dimensions is considered “out of gauge”
and can be handled subject to quotation
& specific arrangement. In addition,
any consignment needing a curtain
sider, tail-lift or any other special
consideration will be subject to prior
arrangement and quotation.

FALSE CALLS

Our vehicle timetables are organised
by location and the greater of either
weight or volume, and are subject to
strict deadlines for both deliveries and
collections.

If we have scheduled a collection to a
vehicle and the freight is not available
or cancelled, this can cause a reduction
in revenue that is difficult to replace.
This can cause major delay that could
jeopardise further consignment
deadlines. Therefore, in most cases
we need to make a charge equal to the
booked weight / volume and relevant
loss of revenue.

If the delivery is refused, particularly
with heavy or bulky freight, then the
freight has to be kept on the vehicle,
limiting load space and vehicle
availability. In such instances, we must
not only charge for the aborted job,
but also for any reduced availability
of space or time which translates to a
50% uplift of the booking fee for the
return.

SPECIAL DELIVERY SERVICES

SAME DAY

We offer competitive rates for same day
deliveries or collections.

DEDICATED VEHICLE SERVICE

UCH can also offer the use of a single,
dedicated vehicle for delivery or collection
of your consignment, subject to prior
arrangement and vehicle availability.

Rates for both of the above are subject
to prior arrangement with a member of our
operations staff.

OTHER SERVICES
