## SERVICES AVAILABLE

At UCH we are passionate about providing a level of service which not only meets our customers' needs, but also exceeds their expectations. If there is a particular service that you require but cannot see mentioned below, please do not hesitate to contact us.

### SAME DAY SPECIALS

We provide a fast, efficient and reliable same day delivery service throughout the UK. Whether your consignment is time critical, valuable or hazardous, we can provide you with a dedicated service to ensure your freight is collected and delivered on time.

All our drivers are CO trained, as a minimum, as required by the DfT / CAA. They have an excellent knowledge of the UK road network, supported by the latest in-cab information systems.

You can monitor every stage of your delivery from pick-up to arrival and we will inform you immediately of any unforeseen delays.

### NEXT DAY DELIVERY

UCH Logistics is a national airfreight carrier. We specialise in next working day deliveries or collections across the UK mainland. A number of premium add-ons are available to complement this service:

- AM, PM, timed services

Our 40,000 sq ft of warehouse space is conveniently located at Manchester Airport.

We believe we can provide the right mix of manpower, equipment, supervision and systems to enable you to focus on your core business.

- All hazardous cargo must be indicated as hazardous when booked, and all relevant documentation must be included with the shipment or it will not be handled.
- Collections from one area for onward delivery to another will be charged as separate jobs (one for collection, one for delivery), unless prior arrangement is made for a special delivery (where possible due to location).
- False calls are charged in full, according to the booked weight or volume (whichever is greater).

- Airline collections of cleared goods for onward delivery the following working day are free of charge. We cannot guarantee that Airline collections will be collected before midnight unless the job is booked as a Special. **WAITING TIME** – to ensure UCH can continue to provide cost competitive rates we cannot be delayed by the customer when loading / unloading freight. UCH allow 15 minutes after which there is a waiting time surcharge.

## FREIGHT SIZES

We will cover freight up to 2 metres long, 1.2 metres wide and 1.7 metres high. Any freight in excess of these dimensions is considered "out of gauge" and can be handled subject to quotation & specific arrangement. In addition, any consignment needing a curtain sider, tail-lift or any other special consideration will be subject to prior arrangement and quotation.

## FALSE CALLS

Our vehicle timetables are organised by location and the greater of either weight or volume, and are subject to strict deadlines for both deliveries and collections.

If we have scheduled a collection to a vehicle and the freight is not available or cancelled, this can cause a reduction in revenue that is difficult to replace. This can cause major delay that could jeopardise further consignment deadlines. Therefore, in most cases we need to make a charge equal to the booked weight / volume and relevant loss of revenue.

If the delivery is refused, particularly with heavy or bulky freight, then the freight has to be kept on the vehicle, limiting load space and vehicle availability. In such instances, we must not only charge for the aborted job, but also for any reduced availability of space or time which translates to a 50% uplift of the booking fee for the return.

## SPECIAL DELIVERY SERVICES

### SAME DAY

We offer competitive rates for same day deliveries or collections.

### DEDICATED VEHICLE SERVICE

UCH can also offer the use of a single, dedicated vehicle for delivery or collection of your consignment, subject to prior arrangement and vehicle availability.

Rates for both of the above are subject to prior arrangement with a member of our operations staff.
