

UCH EXPORT PACKERS

www.uchlogistics.co.uk

How we can add value to your supply chain?

UCH Export Packers is the packing division of UCH Logistics Limited, a specialist airfreight carrier.

We provide a reliable, cost effective and efficient solution with specialist industry knowledge to ensure customer requirements are met.

Our team has extensive experience in Export, Sea Freight & Dangerous Goods Packing. We are also ISPM15 certified & all of our cases are made from kiln dried heat treated timber, meaning all of the materials we use are safe & accepted internationally.

We are perfectly positioned not only to handle your transport needs, but also pack your cargo for safe movement at our Import/Export hub in Heathrow, saving you additional transport costs.

- **Minimise transport** costs with a supplier that can pack your cargo in-house.
- **Receive cargo 24/7** at our depots conveniently located at Heathrow with access to all major motorway networks giving you added flexibility.
- Take advantage of a single point of contact who can provide an **end-to-end solution** covering UK wide Collections, Packing, Screening & Delivery into the Airline.

Export Packing:

UCH's packing team have extensive experience in Export Packing.

Collectively the team have packed everything from flight simulators to medical equipment.

Dangerous Goods Packing

UCH have qualified & certified staff that can accomplish all your Dangerous Goods packing for Air, Sea & Road, as well as the accompanying documents.

Foil Packing

We offer barrier foil vacuum packing to prevent corrosion for delicate parts such as electronics. We also offer waterproofed lined cases, making sure your sea freight goods are adequately protected.

On-site Packing

We have staff that are experienced in packing on client premises, making sure the most effective & efficient solution can be found for your export packing needs.

Heavy Lifting

We can lift up to 7 tons with our range of fork lift trucks & also have access to mobile cranes, so we can handle all types of out of gauge cargo.

Case Making:

We offer fully bespoke case making services, including light weight plywood cases, heavy based plywood cases & clipped plywood cases, to name a few.

UCH is a member of the UK wood packaging material programme & we have been assessed by the Forestry Commission allowing us to apply the ISPM15 timber mark to all manufactured materials.

We have a variety of packaging material to accompany cases from Stratocell & LD45 foam to bubble wrap and self-adhesive cushioning.

We aim to provide a solution to your packing needs no matter what your requirements may be. For more information get in touch with us on exportpackers@uchlogistics.co.uk.
