

## HGV TECHNICIAN

UCH Logistics is a dynamic, customer focused provider of specialist transport services to the airfreight industry. Established in 2000, our enviable reputation has been built by offering reliable, time-sensitive and next day deliveries throughout the UK.

We are currently recruiting an HGV Technician to join our busy Transport Team to carry out routine maintenance and repairs on our large fleet across two sites in Colnbrook, near Heathrow, with the occasional need for on-the-road repairs.

You will be required to undertake a range of duties where your own initiative in effective time management is key. The successful candidate will likely have the following:

- City & Guilds Certificate in Mechanical Engineering (or equivalent experience)
- A Class 1 Licence
- The necessary skills to efficient planned maintenance and inspections
- MOT preparation experience
- Modern mechanical and electrical diagnostics and fault-finding
- Accurate and timely defect reporting
- An appreciation of the vital adherence to Company procedures
- The ability to remain calm and courteous in all situations, with very good communications skills

Occasional callouts may be required for more urgent repairs. Timely and accurate defect reporting and adherence to the Company's procedures is vital to ensure our fleet remains in optimum condition, so that the high quality service our customers expect is maintained at all times.

Your core working hours will be Monday to Friday 7.00am to 5.00pm with occasional (paid) callouts.

In return we are offering:

- A salary of between £38,000 and £45,000 per annum, depending on your proven skills, experience and qualifications
- 28 days' holiday, rising to 30 days after 2 years (incl public holidays)
- Free on-site parking
- Workplace pension scheme

A full 5-year referencing history is required, and your Right to Work in the UK will need to be verified at interview stage in accordance with industry and UK regulations.
