

IT Support Engineer

UCH Logistics is a dynamic, customer focused provider of specialist transport services to the airfreight industry. Established in 2000, we have built a reputation for offering reliable, time-sensitive and next day transport services across the UK.

In-order to support the management, implementation and governance of the IT inventory, network(s) and applications within the business, this site-based role involves working as part of an IT team to implement hardware and software solutions across the business, help resolve end-user enquires and oversee the IT inventory in the UK.

The role also offers exposure to project related tasks and deliverables, adding an additional level of diversity to the position.

MBA advantageous for candidates requiring sponsorship.

The successful candidate will likely have the following skills and experience:

- Clear communicator (verbal & written).
- Candidate must have strong numeracy & literacy skills.
- Show an adequate level of commercial awareness.
- Show strong organisation skills.
- Be an analytical thinker with the ability to problem solve.
- Have an ability to work with cross-functional teams.
- Degree or equivalent in Computing/Information Systems advantageous but not required.

In return we offer:

- A salary of between £25,000 and £37,000 p/a depending on skills and experience
- 20 days holiday (rising to 22 after 2 years) plus 8 public holidays
- Workplace Pension Scheme
- Free on-site parking
- On the job training with potential for formal qualification

This is an office-based role in Colnbrook, near Heathrow and travel between local sites may occasionally be required.

In line with industry regulations, your Right to Work in the UK will be verified at or before interview and detailed 5-year referencing is required.
