Looking for a driving job that's not parcel delivery?

We're looking for reliable Van Drivers to join our growing team.

No parcels. No multi-hundred drop routes. No need to provide your own van.

You'll be driving one of our company vehicles, collecting and delivering pallets, large boxes and airfreight shipments for business customers across the UK.

If you enjoy being out on the road, take pride in your work and want a steady Monday-to-Friday role, we'd love to hear from you.

What you'll be doing:

- 🚚 Delivering and collecting pallets, freight and larger consignments
- ✈️ Supporting airport and airfreight operations
- 📄 Completing vehicle checks and delivery paperwork
- 👋 Providing great customer service at collection and delivery points

What's in it for you?

- ✅ Company van provided
- ✅ Permanent, full-time position
- ✅ Monday to Friday working week
- ✅ Overtime opportunities
- ✅ Friendly transport team
- ✅ Uniform provided
- ✅ Career progression opportunities

What you'll need:

- Full UK Driving Licence
- Good communication skills
- A positive, can-do attitude
- Previous delivery driving experience is beneficial but not essential

Due to the nature of our work, a full 5-year background check and Right to Work checks will be required.

No parcels. No owner-driver setup. Just a solid driving job with a growing logistics company.
